

CHIMPANZEE

1. “Chimpanzee” was released in time for Earth Day in 2012. Do some research about Earth Day. What is it? When did it start?
2. The narration for “Chimpanzee” makes the animals seem human, but we know they are not. The filmmakers think that by humanizing the animals we will care more for them. Is it good for us to care for wild animals and their habitats? Why? Explain your answer here: _____

3. Chimps are wild animals, so we know it is not appropriate to have them for pets. They belong in the wild. Even domesticated animals require care and respect, because they are still animals. What makes animals different from humans? Do you have a pet or pets? What kinds? Why is it good for people to have appropriate pets? We train pets, but what can pets teach people?
4. Do you agree with Sister Rose’s review of “Chimpanzee”? If your opinion is different, or if Sister Rose forgot something important, write your own review here:
